PICKUPAPICNIC

What is it?

We are all living in difficult times, As a network of churches, we want to provide support to families who are either entitled to free school meals or whose financial circumstances have changed during the pandemic. We do this by offering a picnic lunch every Tuesday which can be collected from pick-up points in Ballyclare, Ballynure, Doagh and Templepatrick.

What do I need to do?

After registering your interest by email at pickupapicnic@gmail.com, we will ask you to complete an online questionnaire so we understand your needs, and then every week we will ask you to complete an online menu for what type of picnic you would like. On the following Tuesday, you simply go to your pickup point and pick up your picnic. This will be provided until 18th August, just in time for your children to return to school.
